

# ANIMUS

*William Walden*

Everyone we know agrees  
You and I are enemies.  
How this enmity arose  
Not one friend of either knows.

We've been asked by friends why we  
Bear this longtime enmity.  
Truth is, neither of us knows  
Why we were, and still are, foes.

Friends say since we have no clue  
Why we're enemies, we two  
Should shake hands and reconcile.  
Ludicrous! That's not our style.
