

I'M SERIOUS. I HAVE A GUN.

George Good

I have no friends. School is no fun.
I hate my life. I'll end it soon.
I'm serious. I have a gun.

(If only I got some attention.)
Quit staring! Just leave me alone!
I have no friends. School is no fun.

I'd like to shut up everyone.
Know the best way to clear a room?
I'm serious. I have a gun.

The jocks all have me on the run.
The girls pass by and gag or groan.
I have no friends. School is no fun.

Top of the world, Ma! Finally won!
They'll wish I never left the womb.
I'm serious. I have a gun.

I'll blow their cliques to kingdom come
and laugh all the way to the tomb.
I have no friends. School is no fun.
I'm serious. I have a gun.
