

# NIGHT

*Tobi Hirsch*

Creatures of the night...  
Lull me to sleep  
Sing softly to me  
As my eyes gently weep

Nocturnal moon...  
Quench my sorrow  
I'll swiftly repent  
My sins of the morrow

Blanket of black...  
Shadow my soul  
Wrap me in darkness  
Pay daylight's toll

Cool autumn air...  
Refresh my view  
Chill my bare flesh  
My spirit renew

Gleaming white stars...  
Light my new path  
Release these demons  
Of daylight's wrath
